CARE & CLEANING

VEZZANO LEATHER

SOFT VALUE LEATHER COLLECTION

For Regular Leather:

- To keep the natural look, just dust it with a dry cloth.
- Avoid using polish, cleaners, solvents, oils, ammonia, water, or soap with a detergent base.

For Aniline Finished Leathers:

- Be extra careful with spills or stains. Quickly blot them with an absorbent cloth or sponge.
- Don't rub the stain forcefully. Instead, use a drop of mild, neutral pH soap on a damp cloth to remove dirt.

For Durable and Edge Protected Leathers:

- Gently blot any soiled area with an absorbent cloth or sponge.
- If the stain persists, clean it with a circular motion and light to moderate pressure. Avoid rubbing forcefully.
- If needed, use a slightly damp cloth with lukewarm water and let it air dry. Don't use a hair dryer or heater.

For Difficult Stains:

- Use mild, neutral pH soap to remove them. Apply the soap to a clean sponge or cloth and gently wipe the affected area.
- Rinse with lukewarm water and a damp cloth, then let the leather air dry.

Remember:

These are suggested cleaning methods. Keystone Bros is not responsible for any damage caused during cleaning. Always test cleaning in a hidden area first to be safe.
